Post Master’s AC-PNP Program for Currently Certified PC-PNP

(This plan is a model for the candidate who is already certified as a Primary Care PNP)

A GAP analysis will be performed in accordance with the National Task Force Criteria for NP Programs (08) and an individual program plan will be designed based upon a review of the candidate’s previous transcripts and employment history to assure outcomes consistent with Acute Care Competencies (NONPF) and PNCB's Acute Care PNP Guidelines.

Previous transcripts will be reviewed by the faculty advisor. Satisfactory performance* in recent courses in Pharmacology (4 years) or Child/Adolescents with Special Needs may be transferred if they meet the program specific expectations

**Summer Semester**
N658 Complex, Acute and Critical Problems in Pediatrics (3 cr)
N657 AD Advanced Diagnosis (2 cr) – 60 hours

**Fall Semester**
N779 Children and Adolescents with Special Needs (2 cr) 45-90 hrs
